# Working Rule Guidance for the Steeplejack & Lightning Protection Engineering Industry

15 October 2025

The ‘ATLAS Working Rule Guidance for the Steeplejack & Lightning Protection Engineering Industry’ was withdrawn on 15 October 2025.

The previous guidance has now been replaced with a new webpage, 'Employment Guidance for the Steeplejack & Lightning Protection Engineering Industry'.

The webpage serves as a central hub from where we can signpost employers and employees to the relevant government and ACAS guidance (ACAS are the independent Advisory, Conciliation and Arbitration Service, a public body funded by the UK government), ensuring that you have the most accurate and up-to-date employment information, wherever and whenever you need it.

The new webpage address is: https://atlas.org.uk/employment-guidance/

**Association of Technical Lightning & Access Specialists (ATLAS)**

Registered address: 167-169 Great Portland Street, London, W1W 5PF
AIMS Administration Centre, 7 Newton Place, Glasgow, G3 7PR
